

4th International Conference on Estuaries and Coasts

ICEC2012

First Announcement

8-11 October, Hanoi, Vietnam

Website: www.icec2012.edu.vn

The 4th International Conference on Estuaries and Coasts (ICEC-2012) will be held in Hanoi, Vietnam, co-organized by Water Resources University and the International Research and Training Center on Erosion and Sedimentation (IRTCES). The ICEC2012 aims at providing a forum for discussion and exchange among researchers and scientists in the field of estuary and coast.

CONFERENCE THEMES

Vision and Imagination – Water in an Era of Change

SUB THEMES

- Climate Change
- Water Resources and Hydrology
- Environmental and Ecological Hydraulics
- Coastal and Estuarine Hydrodynamics
- Estuarine and Coastal Management
- Design, Maintenance and Management of Waterways in Estuaries and Harbors
- Research Technologies for Estuarine Engineering
- Coastal Structures
- Coastal Hazard

ABSTRACT GUIDELINES

About 300-500 words, prepared in Microsoft Word document using Time New Romans 11 and specifying the objectives of the work, the main results, and the conclusions.

VENUE

T45 Conference Hall, Water Resources University, Vietnam.
175 Tay Son Street, Dong Da Street, Hanoi, Vietnam

KEYDATES

2 September, 2009	Preliminary Announcement
1 March, 2011	First Announcement
15 June, 2011	Deadline for abstract and pre-registration
10 October, 2011	Second Announcement
10 March, 2012	Final Announcement
15 June, 2012	Deadline for full paper in electronic format
1 August, 2012	Deadline for registration
9-11 October, 2012	Conference
10 October, 2012 (Afternoon)	Technical visit

KEY-NOTE LECTURES GIVEN BY

1. Prof. Nobuyuki Tamai, Former President of IAHR
2. Prof. Dao Xuan Hoc, Vice Minister of Ministry of Agriculture & Rural Development
3. Prof. Hitoshi Tanaka, Chairman of IAHR-APD
4. Prof. Marcel Stive, Delft University of Technology, the Netherlands
5. Prof. Magnus Larson, Lund University, Sweden
6. Prof. Chengsheng Chen, University of Massachusetts-Dartmouth, USA
7. Prof.dr.ir. J.A.Roelvink, UNESCO-IHE Institute for Water Education, the Netherlands
8. Prof. Dr. Jiaquan DENG, Vice President of Pearl River Hydraulic Scientific Research Institute, China

REGISTRATION FEES:

Regular Participants: 400 USD/person
Student Participants: 300 USD/person

INTERNATIONAL STEERING COMMITTEE

- | | | | |
|--------------------------|---------------------|--------------------------------|--------------------|
| N. Tamai , Japan | N.Q. Kim, Vietnam | M.J.F. Stive, the Netherlands | D.V. Uu, Vietnam |
| M. Larson , Sweden | C.H. Hu, China | N.V.T. Van, Canada | S. Sana, Oman |
| N.K. Dan, France | H. Tanaka, Japan | H. Chanson, Australia | P. Rigo, Belgium |
| B.H. Choi, Korea | C. Chen, USA | P.H. Burgi, USA | D.M. Tom, Belgium |
| J.H. Lee, Hongkong-China | V.T. Ca, Vietnam | J.A. Roelvink, the Netherlands | O. Sylvain, France |
| S. Kazama, Japan | S.K. Tan, Singapore | T.M. Thu, Vietnam | G. Parker, US |

SECRETARIAT

Assoc. Prof. Dr. Nguyen Trung Viet
 Head of Department of Academic Affairs, WRU
 Email: icec2012@wru.edu.vn

MSc. Pham Hong Nga
 Head of International Cooperation Office, WRU
 Email: icec2012@wru.edu.vn
 icec2012@wru.vn

PROGRAM

Day	Time	Activity
October 8 (Monday)	Afternoon	Arrival of participants & Registration
October 9 (Tuesday)	Morning	Registration Opening Ceremony/ Plenary Sessions
	Afternoon	Parallel Sessions
	Evening	Welcome Reception
October 10 (Wednesday)	Morning	Parallel Sessions
	Afternoon	Technical Tour
	Evening	Cultural show
October 11 (Thursday)	Morning & Afternoon	Parallel Sessions
	Evening	Banquet

TECHNICAL TOUR

We plan to organize half-day technical visit to Integrated Hydraulic Laboratory of WRU and Vietnam Academy for Water Resources.

SIGHT SEEING

- * A city-tour within Hanoi and Hoang Thanh-Thang Long, a world heritage
- * Tour to Halong Bay, a famous world heritage of Vietnam with mountains in the sea
- * Tour to Sapa, a famous summer resort with some hundred colonial villas which was well-known as "Tonkin's Alps". The complicated terrain of Sapa including steeped high mountains with sharp cuts and large valleys, many streams of water in combination with sloped terraced paddies form magnificent scenery.

VIETNAM, THE HIDDEN CHARM

Vietnam, in the form of a stretching S, is located on the Eastern part of Indochina peninsula, bordering China to the North, Laos and Cambodia to the West and facing the eastern Sea and the Pacific to the East and the South with a land border of 4,550 km and a coastal line of 3,260 km. Boasting a long and eventful history which embraces numerous proud achievements of the country, Vietnam now is known as friendly country in Asia to attract increasing number of international tourists with its splendid landscapes and rich culture. Let this be the occasion to experience one of the most wonderful and unforgettable voyages in your life.

WATER RESOURCES UNIVERSITY, VIETNAM (WRU)

Water Resources University is the only university in Vietnam providing high-level education and training in most of majors relating to water resources, natural disaster prevention and mitigation and environment protection. As of 2010, the University has 9 faculties and 4 institutes (namely Institute of Civil Engineering, Institute of Water Resources Engineering, Institute of Hydrology and Climate Change, Institute of Environmental Engineering). Currently, number of its staff is 1150 people, including 300 administrative staff and 850 academic staff.
